

Lines and Calls

Competitive PSTN and ISDN call packages to keep your business talking

Improve responsiveness and reduce costs with our Lines and Calls packages

Benefit from cost effective call routing, highly competitive tariffs, and flexible billing options - all supported by our great customer service and support team.

We provide:

- PSTN/analogue lines
- ISDN2e for voice and data
- ISDN30 for high capacity voice and data applications

Thinking of switching?

We are confident we can save you money on your existing phone bill. We offer considerable savings on PSTN and ISDN landlines compared to BT and other third-party providers, with line rentals and call rates amongst the lowest in the UK. Switching is simple and stress-free with regular updates.

Get your free phone bill comparison today. Just email a copy of your most recent phone bill to enquiries@rdcomms.co.uk and we'll advise you on how you can make savings.

Is your business ready for the all-IP revolution?

As more and more businesses adopt all-IP working, Openreach plan to withdraw their ISDN and PSTN landline network in 2025. Migrating to an alternative IP voice service such as Hosted Voice or SIP Trunking is easier than you think. Contact our team to discover how your business can embrace all-IP working today.
